

# ICON documentation outside this wiki

- ICON public Wiki <https://code.mpimet.mpg.de/projects/iconpublic/wiki/Documentation>
  - [How to obtain the model code](#)
  - Publications
  - Series “Reports on ICON”
  - Tutorial for DWD Training Course 2019 [2019 ICON Tutorial: NWP Mode and ICON-ART](#)
- Tutorial for MPI-M ICON course 2017: [Using And Programming ICON - A First Introduction](#)
- Public websites with general information
  - [MPI-M website](#)
  - MPI-M “Focus on” [ICON-ESM, Nov. 2017](#), | [Ocean modelling at MPI-M, June 2019](#)
  - [DWD website](#)
- ICON Repository for the model version of interest (access for registered users only)
  - The model code and scripts define the actual model.
  - Example: ICON-2.5 <https://gitlab.dkrz.de/icon/icon/tree/icon-2.5.1>
- ICON Redmine Wikis (access for registered users only; the following list provides only a selection of available information)
  - [ICON](#)
    - [Tutorials](#) (How to get, configure, compile the code; How to generate runscripts; ICON grids; Post-processing; Energy and moisture diagnostic tools; etc.])
    - Source code management (ICON groups and gatekeepers; Calendar for commits; Release cycling; Merge cookbook; etc.)
    - Other information (e.g. Plotting on the ICON grid; Notes on Git; Debugging; developer information; etc.)
  - [ICON-AES](#)
    - [Using ICON-A](#) (How to get started, set up and run the model, develop code; Tips and tricks for working with Git; etc.)
    - [Model development](#)
    - [Reference experiments](#)
  - [ICON-OES](#)
    - Model description (Parameterizations; Sea-Ice model; HAMOCC; Adjoint model)
    - Experiments
  - [ICON-LES](#)
    - Experiments
    - Versions/Releases
  - [ICON-LEM](#)
    - Simulations (HDCP2 and other)
    - [Documentation](#)
  - [ICON-ESM](#)
    - Experiments
    - [Coupled model development](#) (YAC coupler; Coupling algorithm; Coupled variables; etc.)
  - Further Wikis
    - [Grid generator](#)
    - [Ruby](#) (Experiments; Meeting notes)
    - [Sapphire](#) (Projects; Meeting notes; Events)
